Operating out of Esperance since 1983, we know the Recherche Archipelago best! We have taken Red Bull, DJI & Billabong along with countless other customers down to experience first hand this incredible landmark and unique piece of history. Now is YOUR opportunity to see it first hand! Jan 12th 2019 departing from The Duke of Orleans at 7.00am cruise the 2hr journey to Middle Island on our vessel The Southern Conquest. Upon arrival we will ferry passengers to the shore where they be taken with a tour guide to view Lake Hillier and Australia's only recorded pirate Black Jack Anderson's camp ruins. After approximately 1.5hrs on the island you will be ferried back to our vessel where salad rolls will be provided for lunch. The vessel will then make the journey back to The Duke where we will endeavour to have people disembarking by around 4pm. Minimum numbers required. Bookings essential!
