The vessel will depart from the Duke of Orleans at 7.00am. We ask all passengers to meet there at 6.30am. The Duke of Orleans is 100 kms East of Esperance. Passengers will need to drive their own vehicles to this location. Please see page 2 of this brochure for a detailed map of where the collection point is. Once all passengers are on board and after a safety briefing has been completed we will commence the 2hr cruise toward Middle Island on our 60ft vessel the Southern Conquest. Tea, coffee & a muffin will be available on the way down. On arrival at Middle Island bay you will be transferred to the beach by a smaller tender boat. Once all passengers are on the island a tour leader will take you to view up close and personal the world famous pink lake (Lake Hillier). Passengers will also have the opportunity to view the early settler's ruins and Australia's only recorded pirate Black Jack Anderson's camp ground. Please be aware it is approximately a 1km walk along the beach to the lake. We recommend a change of clothes as passengers feet and legs will get wet accessing the tender vessel on the beach. After approximately 1.5 hours on the island we will begin ferrying everyone back to our vessel where salad rolls will be provided for lunch. The vessel will then cruise the 2hr hour journey to the Duke of Orleans Bay to commence disembarking passengers by 3pm
